## FINANCIAL FOCUS

### Reinvesting Dividends Can Pay Off

When you invest in stocks, you want their price to go up. But of course, you can't control the rise and fall of stock prices. However, there is a key element of investing that you can control — the number of shares you own. And in the long run, share ownership may be more important than rising stock prices in determining your long-term investment success.

Of course, you might think that the advice of "buy more shares" is easier said than done. After all, not everyone can easily find a lot of extra money to invest. But you don't need access to vast wealth to increase your share ownership — you just need to consistently reinvest your stock dividends.

Just how important are reinvested dividends to wealth accumulation, as compared to capital gains (the increase in stock prices)? Over the 135-year period from 1871 through 2003, owning stocks and reinvesting the dividends produced 97% of

all stock market returns, with only 3% coming from capital gains, according to a major study done by Dr. Jeremy Siegel, one of the world's leading researchers on stock market performance. Other studies have also pointed to the importance of dividends as a component of total returns.

What are the implications of this disparity between the effectiveness of dividend reinvestment versus that of capital gains? First of all, it suggests that you may not want to spend an undue amount of time and effort in chasing after "hot" stocks, hoping for big capital gains. For one thing, by the time you buy these stocks, they may already be cooling off, but even more importantly, your focus on achieving large capital gains may not be the best use of your financial resources.

Ultimately, the power of dividend reinvestment means, not surprisingly, that you may be able to help yourself if you look for quality

## Riverside Highland Water Company Restricts Water Use!

At the July 24, 2014 Riverside Highland Water Company Board meeting, the Board of Directors approved Stage 2 of the Company's Water Shortage Contingency Plan. The adoption of this plan is the result of a three year drought and a statewide directive to restrict water use for all Californians.

**Well No. 22 is located on Spring St.** These restrictions include: washing down driveways and sidewalks; watering of outdoor landscapes that cause excess runoff; using a hose to wash a motor vehicle, unless the hose is fitted with a shut-off nozzle, and using potable water in a fountain or decorative water feature, unless the water is recirculated. In addition to the State mandated restrictions, the Company is also requesting other water conservation measures: water served in restaurants will be by request only and the Company is requesting our customers to reduce outside watering to no more than four days per week and only between the hours of 6 p.m. to 8 a.m.

At the current time, we are requesting voluntary water conservation. The Company will not be issuing fines, but will work with our customers through verbal communication as well as hang tags when we observe noncompliance. However, if the Community does not respond to conservation or if the State requires additional cutbacks, we may be forced to issue fines in the future. Our goal is to pull together as a community to conserve water. We at Riverside Highland Water Company believe that through education and communication, our customers will understand the seriousness of the situation and come together to save water for the benefit of our community's future.

Don Hough, President, Riverside Highland Water Co.

# HIGHGROVE HAPPENINGS

Marge Owens celebrate her 83rd Birthday with a car show, music, and flowers, at G T Senior Center

Marge, 83 and her husband Paul, 84 are members of the Past Pleasures Car Club in Yucaipa and can be seen at various car shows in the area.

These first three cars belong to Marge and Paul. They are a 1963 Ford Galaxy convertible, a 1974 Pacer and a 1958 Chevrolet Bel Aire and are shown in the parking lot of the Grand Terrace Senior Center on Marge's 83rd birthday party on July 11, 2014. On Jan. 28,

2014 this couple celebrated Paul's 84th birthday by hosting a car show at the Grand Terrace Senior Center where they danced to live music by Mark Barnett and his band. Both events included lots of birthday cake and lots of good friends. Happy Birthday to you both!

## Obituaries

MARILYN MARLENE JIMENEZ passed away at home in Gilroy, California, at the age of 78 years. She was born in San Francisco, CA on December 12, 1935, to Robert and Muriel Smith. Marilyn was a resident of Santa Clara County for 14 years. In that time she was a member of the Cadillac/LaSalle Club where she enjoyed overnight trips up and down the California Coast. She spent numerous hours as a volunteer at the Morgan Hill Library and at the Wings of History Air Museum. Prior to living in Santa Clara, Marilyn was a successful business owner of Reliable Tire Center in Highgrove, California for 30 years. She loved gardening, music and spending time with family. She was loved by so many and enriched the lives of those who had the pleasure of knowing her. Marilyn is survived by the love of her life, Lionel Mattos, of Gilroy, CA., was the loving mother of Diane Livingston (Donny), Susan Bridgewater (Don), Michael Jimenez (Sue), and Theresa Alonzo (Mike) all of Riverside, CA. She is also survived by 6 grandchildren, 3 great grandchildren, her sister Delores Nolting (Harv) and brother Robert Smith, many nieces, nephews, extended family members and friends. A private celebration of her life will be held at a location near and dear to her heart. In lieu of flowers donations can be made to San Jose Kaiser Hospice, 50 Great Oaks Blvd., San Jose, CA 95119. Make checks payable to Kaiser Permanente Foundation Hospital in Marilyn's name.

FOY B. TALLEY Age 79, of Riverside, Ca. passed away on July 2, 2014. He was born in Dothan, Alabama on March 24, 1935 to parents Oscar Lee Talley and Dissie A. Brookins. He is a retired Air Force Sergeant who served 20 years in the military working on survival equipment. He then went on to work at Lockheed Martin Aircraft Service and retired there after 11 years. After many travels across the world with the Air Force he moved to Riverside in 1977. Foy settled at his residence in Highgrove for his remaining 38 years. After retiring he loved spending time with his family, gardening in his yard, planting fruits and vegetables. He loved spending time with his dog, Pixie, and playing his favorite game of hearts. He is survived by his wife, Neungruthai 'Mel' Talley, his 7 children, Janet Talley, Joey Talley, Linda Talley, David Talley, Lisa Talley, Eddy Talley, and Tylene Talley, and his 2 grand children.

# HIGHGROVE HAPPENINGS

## Phil's Philosophy

by Phil Turner

### Made in the USA

Buying American isn't easy. Just about everything we purchase these days was made elsewhere. I think we all believe it's best to buy products made in the U.S., but it's not always an easy thing to do. Made in China is the most common label we see now days. Even though the U.S. invented and pioneered most every electronics device, the actual manufacture of these products is overseas. There are no televisions made in the US any more, Zenith was the last, selling to South Korea owned Goldstar in 1995.

There are many American companies that design and sell electronics, but none that I can find that are manufactured here. Apple, Hewlett Packard, Motorola, Dell, all designed and marketed here, but manufactured in China for the most part.

Aerospace products like Boeing, Lockheed Martin, Gulfstream, and such are made in the U.S., but most consumers aren't in the market for a 20 million dollar aircraft.

Construction and home building is still something we can't import. I'm waiting for the next shoe to drop. That will be when the Chinese build modular homes to export to the U.S.

Whose fault is this turn of events? Well, it's us. Workers here demand a higher wage, making our products more expensive. We buy the foreign products to save a buck, and shortly the

competing products made domestically loose market share, and go under.

I'm a member of a union, so I'm not going to bash unions. But, paying a worker \$45. per hour plus benefits amounting to \$75., to put the left front fender on a Chevy, and calling that skilled labor is crazy. It's math like that that has made Detroit a ghost town.

U.S. automakers apparently have seen the light. American autos are now at least on par with foreign autos. Now the most made in the U.S. auto is the Ford F-150. Also in the top 10 are the Corvette Stingray, and the Dodge Viper. There are several foreign cars assembled in the U.S, but guess where the profits go?

Cars are unlike other industries since they consume parts from virtually every other industry. Auto manufacturing consumes more steel, aluminum, rubber, plastic, chromium, electronics, and electrical than any other industry. They consume vast amounts of glass, carpet, upholstery, gases and composites.

When we buy foreign products, we need to consider our 401K, our stock portfolio, our retirement, and our pension. Simply put, it it's good for China, It's not good for us.

*Editor's note: The opinions expressed in this article are the viewpoints of its author and do not necessarily reflect the viewpoints of the "Highgrove Happenings"*

## FINANCIAL FOCUS Reinvesting Dividends Can Pay Off

Cont. from P. 3

dividend-paying stocks — and then reinvest the dividends, month after month and year after year.

With just a little research, you can find stocks that have paid — and even increased — dividends for many years in a row. (Keep in mind, though, that not all stocks will pay dividends, and even those that do can reduce or discontinue them at any time. Dividend reinvestment does not ensure a profit or protect against loss.) So, to help boost your share ownership, consider reinvesting the dividends back into the stock, rather than taking them as cash payments. If you do choose to reinvest your dividends, though, you will need to look to other types of investments to provide you with income, assuming you need some

income from your portfolio, which may become more necessary during your retirement years. Your financial advisor can help you determine the appropriate investments to help provide this income.

But in any case, if you can do without the current income provided by dividends, give careful consideration to reinvesting them. Dividend reinvestment is not a glamorous investment strategy, and it won't help you "get rich quick," but it can help you make steady progress toward your long-term financial goals — and that's a key dividend in itself.

# HIGHGROVE HAPPENINGS

## Leasing to the wrong tenants left this property a mess in Highgrove!

Nov. 16, 2013

The above mess was left by the former tenant on the north east corner of Center St. and Iowa Avenue. This corner property was upgraded by the Riverside County Economic Development Agency in their Facade program that made improvements such as new stucco, illuminated business sign and wrought iron fencing on the entire corner. When "Fix It Right" folded they left hundreds of tires on the property that was visible from our main intersection at Center St. and Iowa Avenue. The tires were removed from the parking lot on Nov. 16, 2013 at no cost to the property owner.

## Then it happened again!

Feb. 26, 2014

The next tenant to move into the "Fix It Right" location packed the parking lot with disabled junk cars that resembled a Pick-A-Part junk yard. The entire parking lot was full of disabled vehicles that were brought in by tow trucks and dismantled car parts were all over the ground causing concern that this property was not being used as an auto repair facility. In the March 2014 issue of the Highgrove Happenings we ran photos showing the disabled junk cars. Then on March 26, 2014 a letter was sent by the entire 7 members of the Highgrove Municipal Advisory Council about this junk yard being located near the beautiful exit of the I-215 northbound freeway at Center Street.

The letter states: ***We have a beautiful "Welcome to Highgrove" sign at the I-215 freeway exit but this intersection is a bad "first impression" of our community.*** The letter was addressed to the Riverside County Supervisors, Riverside County Code Enforcement, Riverside County Hazardous Waste Management, Riverside County Sheriff's Department, California Highway Patrol and the Highgrove Fire Department.

Just recently, the junk cars were all taken away and the parking lot appeared to be vacant. But when the landlord opened the garage doors he was faced with a whole new problem because the trash had been placed inside the building. On July 23, 2014 I met with the property owner but he claims that the tenants misrepresented what they were going to do on his property. Since this has now happened twice I suggested that he be more selective who he rents to by doing a more detailed background check because for his sake and the community's sake we want him to succeed!

# HIGHGROVE HAPPENINGS

Junk cars removed, property cleaned up and ready again for next tenant!

We hope the third time will be the charm!

Highgrove Municipal Advisory Council members appointed by Supervisor Tavaglione.

Seven volunteer position for the Highgrove Municipal Advisory Council were made available and open to residents over 18 years old who lived in Highgrove or owned a business in Highgrove. The notice was published in the July issue of the Highgrove Happenings with a deadline set for July 14, 2014.

The following seven names were announced at the Highgrove MAC meeting on July 23, 2014. They are: Becky Luther, Don Earp, Dennis Kidd, Raina Boal, Mark Vissyak, Melanie Zimmermann and R. A. "Barney" Barnett.

Becky Luther replaced Kathy Cochran who recently had to resign.

Former members listed who have volunteered for Highgrove in the past.

At our July 23, 2014 MAC meeting we discussed some of the former members who have volunteered for CSA 126 or the MAC.

Here are some of the names mentioned in random order:

Jim Wilson, Rosemary Wehunt, David Menelli, Joe Barber, Louie Mejia, Dave Tinker, Debbie Pierce, Terry Horn, Georglyn Guimond, Adam Ornelas, Danny Demuth, John Thorpe, Richard Quatrochi, Linda Olchawa, Tony Hernandez, Debbie Legg and Kathy Cochran.

We thank all of the volunteers who have gone before us who have contributed by volunteering and taking their time by participating and trying to make Highgrove a better community.

Thank you Code Enforcement for helping clean up Highgrove!

This building was once the Hughes Appliances store that was upgraded by the Riverside County Economic Development Agency in their Facade Improvement program but

later it became a marijuana shop. It has taken a long time but two businesses on Iowa Ave. have been closed and Code Enforcement will continue to watch both locations!

Marr Christian, Riverside County Code Enforcement Officer coordinated agencies to help clean up Highgrove. He gave reports at the Highgrove Municipal Advisory Council meetings on June 25, 2014 and on July 23, 2014.

The CASA marijuana shop is now closed and the junk yard is gone. The marijuana shop was put out of business first then Code Enforcement had other agencies such as the Department of Motor Vehicles,

Workmen's Compensation, Bureau of Auto Repair, and Business Licensing, come in and participate in removing the junk car business. Other agencies who assisted were Supervisor Tavaglione, CHP, Highgrove Fire Dept., Riverside County Sheriff Dept., Riverside County Hazardous Waste Management and the Highgrove Municipal Advisory Council. Code Enforcement can be reached by calling Marr Christian at (951) 830 8955.

# HIGHGROVE HAPPENINGS

Highgrove Blossom Apartments should be ready by end of September.

This a photo looking eastward from the second floor of the new apartments. The flag on the right is at the Highgrove Library. Directly across the street from the library is the bus stop with Blue Mountain in

the distance. There is a lot of active construction going on and the weather has been really hot for the workers. The workmen can work in the heat but sometimes they are left with nothing to do in the rain.

This view shows the interior of the 89 units. According to Daryl Brown,

there have been 800 parties who have inquired about this project.

The pool and Spa are in the ground and ready for finishing touches. There will be 2 and 3 bedroom apartments available and the

selection of the tenants will be made based on their qualifications. The full time, on-site manager will be Maria Gibbons who has a 15 year

Some of the landscaping has been planted temporarily for later re-location when needed. The project is about one month ahead of schedule.

background as a site manager. She was introduced by Daryl Brown at the MAC meeting on July 23, 2014 at the Highgrove Library. Jeff Bell will be the site manager and Mike Coates will be the maintenance

man. A small pocket park will be built on the south/west corner of Center St. and Michigan Ave. for public use and should be ready some time in October hopefully by Halloween. See Adv. on P. 16

## 20 Police cars head them off at Pigeon Pass!

Riverside City Police and Riverside County Sheriff invade Pigeon Pass to block escape route from fatal Moreno Valley shootings

On July 22, 2014 Jim Jaurigue from Toy Tech called me about all the police cars at the entrance of Spring Mountain Ranch at Mt. Vernon Ave. and Pigeon Pass Road. When I arrived the road was blocked off and at this time I did not know the

reason why. I didn't want to interfere so I stayed on the sidelines. Earlier that same morning I had been up in the Spring Mountain Ranch area taking pictures for the Highgrove Happenings Newspaper.

The Police cars had already gone up Pigeon Pass when the channel 4 news van was not allowed to enter and had to turn around and go to Moreno Valley. I talked to Steve Shin briefly and later saw

him on TV when he gave his report in Moreno Valley. There were several TV helicopters and Sheriff helicopters looking for the suspect and ground units that included the SWAT team.

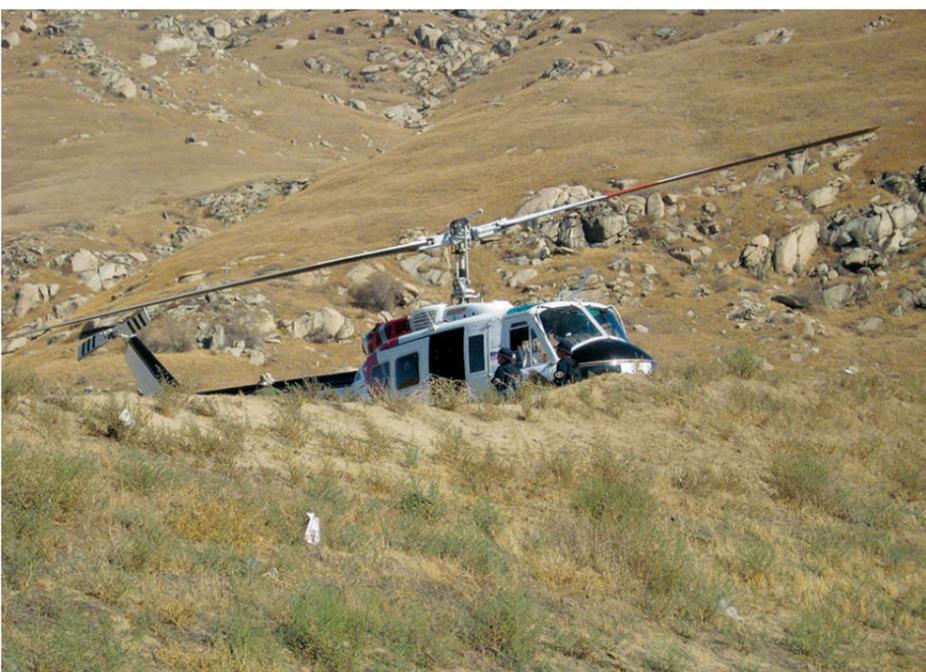

Shortly after I arrived, about 20 Riverside City Police cars with sirens and lights on came from Palmyrita Ave. across Mt. Vernon Ave. and went in between the parked police cars and raced up the newly paved Pigeon Pass Road at the entrance of

Spring Mountain Ranch. I did not know what was happening at the time but I knew it was something major because I have never seen so many cop cars in my life! When an "Officer Down" is broadcast there is a full response by law officers!

This view is hard to actually see but there are 10 unmarked cars and police cars in this picture because they blend in with the newly paved part of Pigeon Pass Road. I took these photos from the north /west corner of Mt. Vernon Ave. and

Pigeon Pass Road but Ardie had to stay parked in Sandals church parking lot when the parade of cop cars went by on Palmyrita Avenue. Center St. was blocked off too and the entire area was full of law officers from below to above!

The Sheriff helicopter landed on one of the pads by Mt. Vernon Ave. and the deputies got out and met

the other ground officers, shown in the photo on the right, to discuss their plan to locate the suspect.

At this point I still did not know the reason for all of the law enforcement in the area. I found out later

it was to prevent a shooting suspect from escaping from Moreno Valley to Pigeon Pass. Cont. on P. 10

# HIGHGROVE HAPPENINGS

## Press Release

On Tuesday, July 22, 2014, at approximately 2:24 pm, officers from the Moreno Valley Police Department responded to the area of Sunnymead Ranch Parkway and Old Lake regarding a report of a shooting. Officers immediately arrived and confirmed a homicide had occurred. With assistance from the city-wide camera system officers spotted the suspect vehicle fleeing the area north on Pigeon Pass.

A motor officer was in the area and observed the suspect vehicle abandoned. At that time the motor officer asked for assistance and observed an adult male walking northbound on Pigeon Pass in close proximity to the vehicle. Another Moreno Valley officer attempted to contact the suspect at which time the suspect opened fire on the officer with an assault rifle and an officer involved shooting occurred.

During the shooting the officer was injured and an "officer down" call was broadcast. Multiple law enforcement agencies responded. The officer involved in the shooting was removed from the scene and transported to a local hospital with minor injuries.

The multi-agency response, which included the Riverside County Sheriff's Department and Riverside Police Department SWAT Teams, assisted with the search of the suspect.

At approximately 3:54 pm, officers from the Moreno Valley Police Department responded to the 25000 block of Delphinium Avenue regarding a suspicious circumstance. Upon their arrival, responding officers discovered a deceased male inside of the residence. Further investigation revealed he was a victim of a homicide and it is believed to be connected to both the

homicide at the Shell Station and the officer involved shooting.

Because the armed suspect was still outstanding, several streets in the area north of Old Lake and Pigeon Pass were closed to the public and residents were encouraged to stay in their homes. Tactical officers cleared the area north of the affected housing development and residents were allowed to return.

The officers continued the search throughout the night in the rural foothill area and located a deceased male who is believed to be the lone suspect. There was an assault rifle located nearby that is believed to be the weapon used in the incidents. The identity of the suspect is pending the Coroner's investigation. Earlier reports regarding more than one suspect being involved were not confirmed through our ongoing investigation. However we believe that there are no further suspects outstanding at this time.

We would like to thank all of the following police agencies for their response and assistance :

Riverside County Sheriff's Department:  
Cabazon Station and Bloodhound Central Homicide Unit  
Jurupa Valley (including Norco)

Station  
Menifee  
Perris Station  
Professional Standards Bureau  
Riverside County Gang Task Force  
Riverside County RASP  
Special Enforcement Bureau  
Special Investigations Bureau  
Outside Agencies:  
American Medical Rescue  
California Highway Patrol  
Moreno Valley Emergency Management Team (Fire)  
Moreno Valley Fire Department (CDF)  
Murrieta Police Department (K9)  
Riverside City Fire Department  
Riverside County District Attorney's Office Investigations  
Riverside County Probation  
Riverside Police Department  
San Bernardino County Sheriff's Department  
U.S. Marshall's Office Task Force

This investigation is ongoing and no further information will be released at this time. Anyone with information regarding this incident is encouraged to telephone Investigator Peters of the Riverside Sheriff's Central Homicide Unit at (951) 955-2777, or Investigator Bishop of the Moreno Valley Police Department at (951) 486-6700.

### Editor's note:

The female shooting victim at the Shell Station in Moreno Valley was later identified by the Riverside County Coroner as Wilma Patterson, age 74.

The male shooting victim in the 25000 block of Delphinium Ave. in Moreno Valley was identified as Derek Hardy, age 58.

And the deceased male found in the rural foothill area by the assault rifle was identified as Alex Anderson, age 34 of Moreno Valley.

This information was taken from the Riverside County Coroner's web site.

We also want to thank Lieutenant Evan Petersen of the Riverside County Sheriff Department for attending the Highgrove MAC meeting on the next day (Wed.) regarding this incident.

# HIGHGROVE HAPPENINGS

## Why are 6 new railroad bridges needed over the I-215 freeway?

There are already 4 new railroad bridges over the widened I-215 Freeway. A solid portion of the old bridge is shown above over the southbound lane but now both sections of the old railroad bridge have been removed.

These two new bridges have been assembled across from the Yum Yum Restaurant and will be moved into position to replace the old solid portion of the original railroad bridge. The old solid bridges were too short to reach across the freeway but the two bridges above are much longer.

When the new pads are completed on both sides of the freeway the two new bridges by the Yum Yum will be moved into position to replace the old solid bridges and give the BNSF RR three main lines over the I-215.

Another longer bridge had to be made at Newport Ave. over the freeway. This view of the seldom used bridge was taken from the east side of the freeway by Canal St. looking west toward the mobile home park. Hopefully this new widened freeway will not become obsolete by the time it is completed. The dangerous K rails and changing lane markings make me feel like I'm playing a video game and trying to stay on the road!

# HIGHGROVE HAPPENINGS

## California Dreaming

by Dr. Cynthia Williams

Being a transplanted native Californian I am suffering from shock just like my plants. I miss Highgrove and all my family and friends! I moved to central Oregon three years ago and it is nothing like Highgrove. I knew the change would be dramatic- this little city has about 80,000 people, hundreds, if not thousands, of wild deer, and more dogs per capita than any place I've ever been. It's another planet compared to California. Let me share with you my journey.

I've written before how gardening in this area is tough. As a Master Gardner (certified several years ago through UCR program) it is very frustrating. I feel like I'm back in first grade. Highgrove is in Sunset Plant Zone 19. Bend, Oregon is in Zone 1. ONE! As a rule, we don't plant until the first week of June or later, as that is when we are fairly confident there will be no freezing. This year I planted seeds for lettuce mix and radishes, garlic sets and seed potatoes. By the first of July all the greens were up about two inches. Then the heat rolled in; we had temperatures in the 90's practically overnight. My radishes and lettuce mix bolted. That means they became plants with flower buds. So now I have a nice patch of green and blooms; no salad. I still have potatoes and garlic growing. There is hope for some success in Zone One.

When summer comes to Bend there is an explosion of outdoor activities. Concerts in the park two or three times a week with bands and singers coming from all over; Ringo Starr was here a couple of weeks ago. Pat Benatar will be at the Deschutes County Fair and the headliners will keep rolling in until Labor Day. Every weekend there is a run for something fun or to support a cause. Bicycling is also a huge sport here. Large event bike races like the "Tour de Chutes" are held every year. The Tour de Chutes is comparable to the Tour de Terrace. This year a run was also incorporated. Racers come from all over the country for this one.

"Balloons Over Bend" is an annual event as well when hot air balloons are set up for a three-day festi-

val. Friday nights are exciting; the balloons are lighted up and coordinated with music. The balloons shoot flames up and the crowd goes wild. Dawn on Saturday morning the balloons launch and float over the river and into the valley. It is a lovely sight.

Beer, as I've told you, is a big deal here. We now have over 30 micro-breweries. All are very successful and many can't keep up with the demand. We celebrate beer in a big way. "Bend Brew Fest" is held every August. (You still have time to make your travel plans) One can enter the tasting area and for a nominal fee, sample brews from a few dozen breweries. The brewers get to try their new recipes on this discerning crowd. It also gives participants a chance to taste brews that are new to us and maybe find a new favorite. With beer there is also food.

Bend has a large army of food trucks and trailers that are stationed around town. Staying open year-round, weathering the snow and freezing temperatures, they have loyal customers who enjoy their products. These eateries are not your usual rolling food trucks. One close to downtown opens at 6 pm and stays until midnight making-DONUTS. The line is long and he usually sells out. Other dining opportunities include Chinese dumplings, Thai, German, Hawaiian, fish & chips, and of course, tacos, soup and sandwiches. All are frequently inspected by the fire department for safety (no exploding propane tanks here) and by the health department for food safety. Some have done so well as a portable restaurant they have opened regular restaurants. It's a great way to have some seriously good food on the go. .

I remember being very smug in January and February, gloating about how I could wear a sweater and sit in the sun. My comeup-pance always came in the summer. The cold weather will be here in less than two months. Now I look forward to summer. You can look forward to winter.

## Highgrove United Methodist Church

Sunday, August 17, 2014

10:30am

Speaker: Lisa Wright, M.Div.

Title: Creating a Deeply Meaningful Life at ANY Age

Summary: Rev. Wright believes that everyone, no matter the circumstances, can experience a life with meaning. From her own experiences, research, and from the stories of Leah, Tabitha, David, and Jesus, we'll explore the ways in which we can lead more fulfilling lives. Join her and the community of Highgrove UMC for worship on August 17th.

### About Lisa:

Daughter, wife, sister, stepmom, friend, mentor, volunteer, non profit executive, pastor, doctoral student: All words that describe the many ways in which Lisa finds fulfillment in her life. In her role as Executive Director of Philanthropy for Loma Linda University Health, she manages a large team of fundraisers who are passionate and full of purpose. In her role as pastor, she frequently preaches at United Methodist Churches in our area using practical examples and stories, and she designs new ministries as a way to break down walls between the Church and the world. In her role as doctoral student, she embarks on a PhD in Religion in the Fall where her studies will be focused on the religious, ethical and societal influences on people as they make decisions on giving of their time and resources. Lisa is also a wife of 10 years to Jim, a Nursing Home Administrator, and a stepmom to two teens, Jarett (14) and Clayton (16). Part of her family also includes her parents, siblings, and her "little" brother, Kevin matched four years ago through Big Brothers Big Sisters. Please turn to advertisement on Page 15.

## Advertising rates

The "Highgrove Happenings" advertising rates are the lowest rates in town. If you have already trained your dog to bring in the paper (like the one on the right) you can be assured that he won't be lifting anything too heavy by bringing in our little newspaper. Some of the other larger newspapers are wasting just too many trees, especially in their Sunday edition. No one should ever ask their dog to lift something that heavy! Our little paper may not have much news in it, but we take pride in providing you with something free that you can put in the bottom of your birdcage! Give us a call (951) 683 4994 or check out our web site for the pricing and sizes of our ads or go to <http://www.highgrovehappenings.net> and click on the contact page.

## Call us !

We have no reporters so we are asking for your help. You can be a reporter by just giving us a call or sending us an E-mail or a picture. Small town news is what we are all about and we want to encourage you to participate. We try to print positive things since there is so much bad news on TV and in other newspapers. Send us a story, take a picture or call us about something that is happening in Highgrove. (951) 683 4994

Please visit our Highgrove Happenings website:

[www.highgrovehappenings.net](http://www.highgrovehappenings.net)

Keep in touch: Send us your e-mail addresses to help us keep you informed of activities and projects that effect our community. Send your address to:

[highgrovenews@roadrunner.com](mailto:highgrovenews@roadrunner.com)

**Highgrove T-shirt prices reduced! (See P.3)**

Notice: We have some Highgrove T-shirts in various sizes that have just been printed. They have the Highgrove logo on the front and a picture of a 1916 "Highgrove Brand" orange crate label showing Sugarloaf with an orange grove at it's base. It states: Grown and Packed in Highgrove by Sugarloaf Orange Growers Assn., Highgrove. Call (951) 683 4994
