## EAGLE RIDER'S CASINO NIGHT

### Fraternal order of Eagles

### People helping people since 1898

On April 14, the # 997 Eagle Rider group at the Riverside Eagles in Highgrove held a Casino Night. Members, family and friends attended the charity event, which has been sponsored by the Eagle Riders for the past three years. Riverside Eagles # 997 is 112 years old, and has called Highgrove its home since the 1950s. Photo and text by Jim Hodder

Highgrove is fortunate to have this long time organization located just inside its boundaries.

Aerie # 997 is known as the Riverside Eagles and you probably pass it every day if you travel on Interstate 215 because the Eagles Aerie is on the east side of the freeway near the Center St. exit.

The Fraternal Order of Eagles, an International non-profit organization, unites fraternally in the spirit of liberty, truth, justice and equality, to make human life more desirable by lessening its ills, and by promoting peace, prosperity, gladness and hope. The Eagles support charities such as the Diabetes Research Center at the University of Iowa, the Art Ehrmann Cancer Fund, The Jimmy Durante Children's Fund, Lew Reed Spinal Cord Fund, Max Baer Heart Fund, Robert W. Hansen Diabetes Fund, D. D. Dunlap Kidney Fund and other

worthwhile organizations.

The Eagles Aerie # 997 has entertainment on Fridays where you can get a good steak or shrimp dinner while you listen to the music and enjoy the companionship and have a drink at the full bar. The photos show when the Eagles hosted Casino Night that had a roaring 20's theme.

As a former Board of Trustee and current member, I encourage you to visit your local Eagles and get acquainted with the fine people who come to this facility and we hope you will become a member. We are looking forward to meeting you and you can tell them that you saw this invitation in the Highgrove Happenings Newspaper.

The address is 466 E. La Cadena Drive and the phone number is (951) 683 7770.

You can tell them "Barney" invited you! Another Roaring Picture is on page 7

# SAVE THE TRUJILLO ADOBE!

On March 31, 2018, residents from the west side of the freeway who are concerned about a new giant 308,000 Sq. Ft. Warehouse being built near the historical Trujillo Adobe, congregated at the site of the landmark to show their objection to the large warehouse. There were a lot of people who

had written signs who are shown standing and sitting in front of the Trujillo building. Another protective building has been built over the original adobe building that was built in 1862 to prevent any further erosion from rain, wind or vandalism. The fragile adobe inside is not able to be moved due to its age and

would probably crumble if moved. But local residents want to preserve this historical landmark which is City of Riverside Landmark # 130 and Riverside County landmark # 009.

To see a map of the area and read about a Land Use Committee Hearing please turn to page 4

# HIGHGROVE HAPPENINGS

## PROTECTING HIGHGROVE HISTORICAL PAPERS!

It is important to look to the future but to others it may also be important to see where we have been and what happened yesterday and beyond.

Past issues of your local newspaper are available at the Highgrove library and contain information about Highgrove that goes back many years. To those of you who are new residents it will enable you to see some of the local landmarks that have disappeared before you moved to Highgrove or learn something about Highgrove's past that you may not know.

Each month for 23 years, I have gathered information for the Highgrove Happenings Newspaper but many things may not actually get into the paper. Over the years I have kept the excess information that I used for researching facts to print in our paper but unfortunately I ran out of room to store the boxes.

When I heard that there was an empty container available that belonged to Highgrove, I thought this would be an ideal place to store these Highgrove items.

I had 23 boxes (one box for each of the last 23 years) that I donated to Highgrove for future historical references and I took them to the container for safe storage. Also among the items I took to the container for safekeeping, was a brown suitcase that was given to me by CSA 126 Chairman Joe Barber in 1991 when I was Vice-Chairman of CSA 126. The suitcase contained minutes of previous CSA 126 meetings before the Highgrove MAC was formed. But on Feb. 22, 2017, while talking to Becky Luther prior to a meeting at Supervisor Tavaglione's office, Becky raised the issue that if Riverside County wanted to use the container for other purposes or move it to another location,

that possibly the contents would be thrown away. This concerned me because the container belongs to Highgrove and not Riverside County.

Then, near the end of the Public Hearing on April 11, 2017, Supervisor Tavaglione appointed Highgrove resident Becky Luther as his contact person for Highgrove! This concerned me because the locks on the container have been changed and the brown suitcase inside the container contains important information that may be detrimental to Supervisor Tavaglione and Riverside County, and Becky is the only one who has a key to the container.

When I asked Becky for the brown suitcase, she refused to give it to me saying it belongs to Riverside County. And since Becky has the only key to the container, I wondered if she, as Supervisor Tavaglione's friend and appointee, was keeping the suitcase under her control to protect the county. I originally thought this would be a "safe" place for storing important information about Highgrove but maybe I was wrong!

I already have some of the information that is contained in the suitcase but another look at these items is important due to recent developments about the Sheriff and our CSA 126 fund because there may be additional documents that will help the Highgrove people in order to resolve the issue about paying for

Highgrove's own Deputy Sheriff that we have not had for the last 8 years. The suitcase is where I found the breakdown in 1992 of the \$10.00 per month assessment that stipulated that \$7.96 would go for Sheriff and \$ 2.04 for park & recreation.

I did not want a key but I thought someone else, in addition to Becky, should have a key in order to know who has access to the container so these historical items can be saved.

The container is an ideal place to store these items but in order to protect them I decided to remove them from the container and find a place that would be less accessible to Supervisor Tavaglione's appointee. Becky agreed to meet me at the container so on April 12, 2018, I went to the container to pick up the boxes and the suitcase but the 23 boxes had already been removed from the container and were on carts inside the community center. I was allowed to pick up the 23 boxes but the brown suitcase was not among the items I was allowed to take. I loaded the 23 boxes of excess Highgrove Happenings research papers into my truck and left.

Two days later Becky opened the container doors and allowed me to look inside to see the brown suitcase but I did not go inside the container to see if there were any contents in the suitcase.

I am currently looking for a safe place to store items that can be used for a future Highgrove museum.

## ITEMS WANTED FOR HIGHGROVE MUSEUM!

In order for future generations to see about Highgrove's rich historic past with the citrus industry and the railroad that has been going through town forever, I am collecting items for a future Highgrove museum. I have items I will donate such as the hand-made model of the Highgrove Depot that was made by the late Santa Fe Agent Bruce Easton and other small items but I am looking for a Smudge pot, a brass door that was used in the Highgrove Post Office across from the church on Center St., and any other items that may be in your attic. I am also looking for anything from the Highgrove Bank that flourished in the 30s or something about Judge Garner who was the banker.

I have photographs from Highgrove's early days including pictures of the Hancock Brick Company, the

water tower by Lily cup on Citrus Street, the giant propane Bar-B-Q tank that used to sit on the west side of the freeway by the freeway entrance, and other photographs.

If you have not seen the citrus label collection at the Norton Younglove Community Center you may want to take a look at the display put together by Denis Kidd of 92 citrus labels that were brands packed in Highgrove by the various packing houses that are now gone. Denis also provided the artwork for the citrus labels that are at the entrance of the Highgrove Library.

I also have a photo of when the orange trees were planted years ago and later when there were several packing houses. Highgrove has only one packing house left on Center Street.

So take a look around and see if you have something that will document our history. It may not seem important but give me a call anyway!

"Barney" Barnett (951) 683 4994

**308,000 SQ. FT. WAREHOUSE  
APPROVED BY RIVERSIDE PLANNING  
COMMISSION IN SPITE OF LOCAL  
RESIDENT'S OBJECTIONS**

An Appeal on April 5, 2018 to stop the warehouse on the south side of Center St. between North Orange St. and Placentia was denied and the warehouse was approved anyway by a 4 to 3 vote in spite of opposition from surrounding residents from the Springbrook Heritage Alliance which is concerned that the warehouse is too close to the historic 1862 Trujillo Adobe which is a designated historical location. Opponents are also asked to attend a Land Use

Committee Hearing on May 14, 2018 at Riverside City Hall, 3900 Mains St. in Riverside starting at 1:00 pm. This location is within the city limits of Riverside and contacting Mayor Bailey and the city council members is encouraged in addition to sending an article to the Press Enterprise. Additional information can be seen at: [Info@springbrookheritagealliance.org](mailto:Info@springbrookheritagealliance.org) or on facebook at: <http://www.facebook.com/springbrookheritagealliance>

# HOUSING BOOM IN HIGHGROVE!

## SPRING MOUNTAIN RANCH

The construction of 1,409 new homes in Highgrove continues in the eastward march toward the local foothills. More than 500 families now call Spring Mountain Ranch their home and Highgrove welcomes them.

## SPRING MOUNTAIN RANCH COMMUNITY PARK

The new park appears to almost be ready but before it is actually opens, everything has to pass final inspection before the people who do the maintenance take over. We will inform you when the park will be opened. Please wait until it is ready and we will all have a good time together.

## HERE IS PROOF TO SHOW THAT \$60,000.00 WAS TAKEN OUT OF HIGHGROVE'S CSA 126 FUNDS:

### RIVERSIDE COUNTY SHERIFF'S DEPARTMENT

Stanley Sniff, Sheriff-Coroner-PA  
Jurupa Valley Station  
Inter-Departmental Memorandum

February 9, 2017

Professionals  
Who Care

To: Lieutenant Don Sharp, Jurupa Valley Station  
From: Tammy Nelson, Supv. Acct Tech  
Jurupa Valley Station  
RE: CSA Highgrove Supplemental Law Enforcement Funding for FY15-16 and FY16-17

The Jurupa Valley Station has been funded over the last two fiscal years (FY15-16 and FY16-17) for Supplemental Law Enforcement for CSA Highgrove. Below is a summary of the funding received and utilized (spent) for each year:

**FY15-16:** We received \$25,000 in funding for the entire fiscal year. We began operations on July 10, 2015 and finished on June 24, 2016. We expended \$24,902.47 of the funds received leaving a small balance of \$97.53 unspent.

**FY16-17:** We received \$35,000 in funding for the entire fiscal year. We began operations on July 4, 2016. We have expended \$21,951.37 to date (including January 2017 operations). This leaves a balance remaining of \$13,048.63 to be expended before June 30, 2017.

If you have any questions, feel free to contact me at (951) 955-2488.

Sincerely,

Tammy Nelson, Supv. Acct Tech  
Jurupa Valley Station

## D•R•HORTON HOMES

D R Horton is another homebuilder in Highgrove. They have already built and sold 36 new homes by the Highgrove Elementary School and models just opened for 69 more new homes at the base of Blue Mountain.

## Highgrove deserves truthful answers!

If Riverside County is being asked questions about the Highgrove Sheriff being eliminated, the questions deserve to be answered truthfully by an Independent Audit, a Grand Jury Investigation, or in a Court of Law. And if any information that has been printed in the Highgrove Happenings Newspaper is incorrect, these processes will

bring out the facts and the truth will be revealed.

**All material in the Highgrove Happenings Newspaper can be verified in writing and it is important to determine the real truth BEFORE Supervisor Tavaglione leaves office at the end of this year.** R. A. "Barney" Barnett, Editor Highgrove Happenings Newspaper.

## A FREE PRESS IN PERIL

On April 15 the Press Enterprise ran 5 full pages about the changes in journalism.

Here a few random excerpts taken from some of the journalists who contributed to the Press Enterprise article.

**Frank Pine:** "Most newspapers are, in fact, profitable. They just won't stay that way without continually cutting expenses to keep ahead of dwindling revenue streams. Today's digital economy has made that very clear as internet giants such as Google and Facebook dominate the digital ad space based on their ability to deliver content and advertising much more quickly and efficiently than legacy news media did or could." "As American journalism declines, corruption blooms"

**Doug Saunders:** "Real journalism requires you to go where the story is, to see it with your own eyes and to report on it as it happens." "Unlike all the fake news floating around on social media, real news is hard to come by". "I'm proud of my former colleagues who are still hard at work bringing local news home informing their communities of critical events in their lives."

**Toni Sciacqua:** "Pre internet newspapers made big profits because they owned the distribution system. They invested in big, expensive presses to print ads. The ads were surrounded by news stories, reported by journalists following professional guidelines and selected by editors, which gave readers some incentive to go look through

the paper. We paid the cute kid on the bike to bring the paper to your doorstep every day. You read it, so you knew what was going on in the world and made smarter decisions. It was a virtuous cycle-good for business, good for democracy. Now, instead of doorstep, most people get their news on a smartphone." **Steven Greenhut:** "Printed newspapers first emerged in the 1600s. The modern newspaper industry took off in the mid1800s as newfangled printing presses allowed the distribution of cheap printed copies. In my neighborhood growing up, virtually every family had a paper delivered daily to the door".

Samantha Gowen: "As brick and mortar businesses have leapfrogged to new technology or bottomed out

all together, the pages of local papers have thinned and hometown coverage has shifted like the sand on Southern California beaches".

**Scott Kaufman and Sal Rodriguez:** "One of the core responsibilities of journalists and newspapers is to hold government at all levels accountable to the public. Journalist are the key to filling that void. Keeping an eye on government, scrutinizing the words and policies of politicians and governments and presenting relevant information to the public so informed decisions can be made is a key responsibility of local newspapers."

ENDORSED BY RIVERSIDE SHERIFFS AND POLICE

VOTE JUNE 5<sup>TH</sup>

Chad has been with the Riverside County Sheriff's Department for 25 years. He has promoted through the ranks from Deputy Sheriff to his current position of Lieutenant. In his 24 year career he has worked Corrections, Patrol, Traffic, Investigations, Internal Affairs, Gangs and Narcotics. The highlight of his career that he is most proud of was spear heading a child sex crimes sting which resulted in the arrest and prosecution of 52 child predators. The operation was showcased on NBC Dateline "To Catch A Predator". He is currently running for Riverside County Sheriff with the full support and endorsement of the deputies of Riverside County and other local law enforcement agencies.

Riverside County deserves a Sheriff dedicated to protecting residents while keeping politics out of law enforcement. It's time for a new Sheriff dedicated to making a difference.

*"Protecting our communities and our children is my number one priority."* - Chad Bianco

### Reprint from Press Enterprise also applies to Highgrove: Government Actions and the Newspaper's Role

Throughout our Nation's history, governmental agencies have been required to alert citizens of certain government activities that may impact a local community, providing citizens with an opportunity to stay informed and take action when necessary. Newspapers have long partnered with government agencies by publishing public notices, enabling the government to be fully transparent and accountable to citizen taxpayers. Publishing public notices in newspapers informs a wide audience in a local community of a government agency's actions, reaching citizens that are passive information seekers. Publishing public notices through the local newspaper acts as an independent third party able to legally verify that the government agency has given the public notice.

# HIGHGROVE HAPPENINGS

## You Can Quote Me

by Cynthia Williams, DC

“As we express our gratitude, we must never forget that the highest appreciation is not to utter words but to live by them.”

~ John F. Kennedy

Memorial Day, originally known as “Decoration Day” was founded in the years following the Civil War; it didn’t become an official holiday until 1971. This holiday was designated to specifically honor the men and women who died while serving in the U.S. military. Honoring those service members who “gave their all” for the United States during a time of war is no longer a holiday where we honor those of “The Greatest Generation” of World War II and the Korean and Vietnamese wars. With the continuing “war on terror”, current insurgencies, and terrorists attacks, we frequently continue to add names of men and women to the list of fallen heroes we honor. While Veterans’ Day, observed on November 11th each year, was established to honor all veterans, living or dead. Some may take the position that many living veterans deserve to be honored on Memorial Day as well. “I wish to remember the millions of Allied servicemen and prisoners of war who lived the story of the Second World War. Many of these men never came home; many others returned bearing emotional and physical scars

in their lifetime; Gulf War/Desert Storm has a rate of 12%; the Iraq war era and other conflicts since has a rate of up to 20% (or an estimated low of 11%).

Every effort needs to be made to assist our disabled veterans. Some have suffering that we cannot begin to relate to or understand. Our efforts now, and the lessons we learn from them, will be of use to future generations of veterans. Unfortunately we know that there will continue to be service members who have war-related physical and emotional injuries and permanent disabilities.

If you choose to fly an American flag this Memorial Day, please follow this rule: it is to be flown at half-mast until noon and then brought to full mast for the rest of the day. If your flag is fixed to the pole and cannot be lowered to half-mast, wait until noon to post your flag. Fly it with pride to recognize and honor our fallen heroes.

“Tonight, when you go to bed, say a prayer that God watch over those who watch over us, and thank them for their sacrifices, on and off the battlefield. Pray that they have a peaceful night, and will be home soon with their families who also share their burden. Without them, we would not have this moment.”

~ Neil Leckman

## HELPING OUT THE PEOPLE OF HOUSTON

By Barney and Ardie’s Grandson, Kipp Loft, Age 16

I went to Houston, Texas with my school, the Rancho Christian School in Temecula, to help the people of Houston after the storms they suffered through last year. These storms caused somewhere between \$65,000,000,000 and \$190,000,000,000 in damage to the city and surrounding areas. Hurricane Harvey hit at the end of August and beginning of September. Even though this was only about 8 months ago, this tragedy has been largely forgotten by media and news outlets, but they still need help with rebuilding to get back on their feet. On this trip, I helped rebuild the YMCA in Katy, Texas which is a summer camp for underprivileged kids and the Association of Retarded Citizens.

I was astonished at the damage that was still left but something that really

impressed me was how friendly everyone was and we were treated like close friends wherever we went. The water had reached a height of seven feet, completely destroying the main building and other buildings had paint peeling off and there were logs and sticks everywhere. We pressure washed the buildings and picked up the sticks and began repairing the playground, the buildings, planters, and basketball court.

We were there for four days and three nights from April 3-6. Around here we don’t necessarily see YMCA’s as a big part of life, but the pastor of the church where we stayed assured us that this YMCA is a central part of the community of Katy.

This was a great experience and it was very rewarding to be able to help these people and make a real difference in their lives.

*Kipp Loft*

## 132 acre Grand Terrace Plan will also impact Highgrove

Across Main St., the northern border of Highgrove, the city of Grand Terrace is planning on developing the 132 acre area south of Barton Road, east of the I-215 freeway and north of Highgrove’s border on Main Street.

This development known as Grand Terrace’s Gateway Specific Plan will include a 17 acre Business Park, 46 acres of commercial 41, acres of residential for approximately 748 dwellings, 25 acres for public facilities and 3 acres of right-of-way. **There will be a scoping meeting on May 9, 2018 at 6:00 pm at the Grand Terrace City Hall located at 22795 Barton Road in Grand Terrace.**

For more information please contact Sandra Molina at (909) 824 6621 extension 225. Her e-mail is: smolina@grandterrace.ca.gov.

More information is available on the website: www.grandterrace.ca.gov

A Thank you goes out to Sharon Abbot for her help with this information.

# HIGHGROVE HAPPENINGS

## BE CAREFUL WHAT YOU VOTE FOR BE CAREFUL WHO YOU VOTE FOR

These political times are more significant now more than ever before due to the technological advances of communications via the internet, social media, and many of the other electronic devices used for communicating. Voters need to be careful for WHAT you vote for!

For example, do you realize what happened when proposition 47 was approved that reduced some Felonies down to Misdemeanors? How do you think that has worked out? Is it helping to reduce crime or is it just moving the scale from bad to-not so bad? But has it made our community any safer? And another thing that was voted on and passed was Governor Brown's High Speed Rail that was approved in 2008 that was supposed to cost \$33 Billion for ground surface transportation between Los Angeles and San Francisco. This project is now estimated to cost \$98 Billion and now the Federal Government has initiated an audit about this over budget bullet train that is way behind schedule. This is another reason to be careful of WHAT you vote for.

The question I have now is how did California become a "Sanctuary State"? I don't recall seeing it on a ballot or getting to vote on this project that has caused so much division in our State. This is a good example of not only being

careful of WHO you vote for but also of WHAT they can do after being elected.

And what about WHO you vote for? Does that make a difference? Governor Brown has caused quite a stir by declaring California a "Sanctuary State" and has divided our communities more than ever before. The list of Cities and Counties who oppose being a Sanctuary for law breakers continues to grow each day with both sides shouting at each other at community meetings throughout California.

On June 5, 2018 Highgrove will be voting on who will be the next Supervisor in District 2 which is now Supervisor Tavaglione's district. There are 5 candidates who want to be our Supervisor but if none of them get over 51 %, the November ballot will decide who wins the run-off.

Whether it is a proposition or a person who is running for office it is important to know WHAT you are voting for and WHO you are voting for!

The only recommendation the Highgrove Happenings is giving during the June 5th primary is that we endorse **Chad Bianco** for Sheriff because the current Sheriff Stan Sniff had to know when the Highgrove Deputy was going to be eliminated but he too made no effort to notify the Highgrove voters.

What should be done about the people who can't afford to buy a house in California? More and more homeless encampments are appearing in many of our cities. We are fortunate that the new houses in Highgrove are selling well but not too far away on Iowa Ave., it is entirely a different story.

## Senate Bill S. 2360 would require a crew of two on all freight trains

*Senator Diane Feinstein is a co-sponsor of S. 2360, the Safe Freight Act, which would require a crew of two on all freight trains. If S. 2360 is signed into law it will:*

- Prohibit a railroad from using single person operations.
- All freight trains would be required to have an engineer and a conductor.
- Maintain the safety that two person crews provide to communities that trains travel through.
- Protect members of SMART (Sheet Metal, Air, Rail, & Transportation) from the dangerous practice of single and even no person train operations.

## Complaints received!

We have been receiving complaints about quality of life issues in Highgrove. People are concerned that there are now 5 marijuana shops in our community, graffiti has increased, and tributes to people who have passes on, or have health issues, are displayed along our streets.

We respectfully understand the friends and relatives feelings about the loss of a loved one but one of the displays is at Highgrove's main intersection at Center and Iowa, and another one is on Main St. that has been up since September of 2017 that seems to keep growing larger every day.

Each person needs to mourn the loss of a loved one but sometimes that person or persons may never get over their loss. This is a touchy subject but it has been suggested that the items should come down and be taken to a relative's or friend's residence and displayed on a fence that is on their own private property. Our condolences are extended to those who are left behind but after many months of public displays of private feelings these memorials may not be appropriate for everyone.

## Credibility Vs. Justice

If there is credibital evidence against an elected official from someone who is just a member of the public, is the response from the elected official more important than the written documentation from that member of the public? Is it OK if untrue statements are made by an elected official at a public meeting about a member of the public? Several readers outside the Highgrove area have suggested that there should be a lawsuit against our Supervisor for Defimation of Character. But I am counting on my credibility and reputation for telling the truth to lead to Justice! Turn to P. 14

## IS THERE A DIFFERENCE BETWEEN LYING AT A PUBLIC HEARING OR LYING WHILE UNDER OATH?

On Nov. 14, 2017, I testified under oath before the Grand Jury in regard to my request for a Grand Jury Investigation about Highgrove's CSA 126 funds and Highgrove's Sheriff Deputy that was eliminated without notice. I had written documentation with me to prove I was not lying and I was telling the truth. Then on Dec. 5, 2017, due to the Grand Jury's obligation to interview other parties, I wrote a letter to the Grand Jury suggesting that Supervisor Tavaglione also be called to testify under oath and ask him 6 questions specific questions while he is under oath.

I will not print these questions at this time because I do not know if the Grand Jury will call Supervisor Tavaglione to testify under oath.

The subject matter involves Supervisor Tavaglione stating at the Public Hearing that Highgrove MAC Chairman Barnett was going to use MAC funds to sue Riverside County.

But Supervisor Tavaglione knows that none of the MAC Volunteers have ever had access to any MAC

funds. Supervisor Tavaglione made false statements at the Public Hearing because he thought that would give him a reason to disband the entire Highgrove MAC even though California State Government code # 31010 had not been violated.

California State Code # 31010 is about the Formation/Operation of Municipal Advisory Councils and Community Councils.

Item h. states:

Duration: "Should it be determined that the CC/MAC is no longer functioning consistent with Government Code Section 31010, the authority and procedures set forth in this policy or any subsequent adopted rules, resolutions, ordinances or laws, then a public hearing may be conducted by the Board to determine whether the CC/MAC should be dissolved. The Board, in its sole discretion, may dissolve the CC/MAC by resolution"

But the Highgrove MAC was functioning consistent within Government Code Section 31010 and the only thing that Supervisor Tavaglione did not like was the fact

that Barnett as the Highgrove MAC Chairman, was asking too many questions about the CSA 126 funds and the Highgrove Sheriff that was eliminated 8 years ago that we are still paying for.

The Policy of California State Government Code Section 31010 allows for the creation of an advisory council within unincorporated territory for the purpose of advising the Board (Board of Supervisors) on matters including but not limited to, public health, safety, welfare, public works and planning.

But the Riverside County Board of Supervisors adopted another policy called A-51 that reads:

Existing MAC/CC Policies:

"In instances where existing by-laws or policies of MACS or CCs may be inconsistent with Board Policy A-51, Board Policy A-51 is deemed to take precedence."

So what happened to the California States Government Code 31010 that said the MAC could be dissolved if it was no longer functioning consistent with its policy? Was A-51 a way around the California

Governments State code? And was Supervisor Tavaglione justified in eliminating the entire Highgrove MAC after Chairman Barnett had already resigned? Was the entire Highgrove MAC's voice silenced because Barnett was asking too many questions about the CSA 126 funds and the Sheriff?

Supervisor Tavaglione needs to be put under oath and testify before the Grand Jury about Barnett using MAC funds to sue Riverside County because he lied when he said Barnett was going to use MAC funds to sue Riverside County.

**Supervisor Tavaglione knows that MAC volunteers have never had access to any funds!**

To view the video of Supervisor Tavaglione making false statements at the Public Hearing on April 11, 2017, please go to: [www.highgrovehappenings.net](http://www.highgrovehappenings.net) and look at the lower left hand video taken at the Public Hearing where Supervisor Tavaglione eliminated the entire Highgrove Municipal Advisory by making false statements that silenced Highgrove's collective voice.

### New DVR shows important information about Highgrove Sheriff and CSA 126 Funds

Since I have a lot of information that dates back to 1991, there is way too much information to digest in a short period of time about the loss of Highgrove's exclusive Deputy Sheriff that was eliminated over 8 years ago and Highgrove's CSA 126 funds. With the help of my computer expert, we now have a DVD that is a condensed version of this information that you and other people or news agencies can view on your computer. The statements that are made in the narration are backed up by also showing written documentation during the audio.

To view this DVR please go to: [www.highgrovehappenings.net](http://www.highgrovehappenings.net) and click on Highgrove: Exposing improper actions by Riverside County.
